Ladies Circle SA

LADIES CIRCLE SOUTH AFRICA IS GROWING WHILE ADDRESSING THE NEEDS OF OUR COMMUNITIES!

Ladies Circle South Africa once again chartered another new Circle! It is with this happy news that we launch our newsletter for this period and hope that we can continue to grow throughout the years to come.

East London Ladies Circle Chartered

East London Ladies Circle 23 has been officially chartered on 3 August 2013. This lovely bunch of energetic ladies complied with all the rules and regulations set forth to get established as a fully fledged Ladies Circle!

Of course the programme involved lots of fun and laughter with Ladies Circle South Africa's Council meeting held on 2 August 2013 and P.E Pearls Ladies Circle 19 being the God Mother Circle!

The founding members of East London Ladies Circle are Melanie Christie, Riette Stemmet, Nita Bessinger, Yolandi Gray-Browne, Zenda Roeleveld, Lindi-Ann Oosthuizen and Sherry Lloyd Watrus.

Ladies Circle South Africa wish to welcome East London Ladies Circle 23 to our family and hope that they will go from strength to strength in the years to come.

P.E. PEARLS SUPPORT CANSAs

On the 21st of June 2013, PE Pearls Ladies Circle No 19 were on a mission to the Port Elizabeth offices of CANSAs – who enables research, educates the public and provides support to all people affected by cancer. The ladies welcomed PE Pearls with open arms and it felt like we have known each other for many years. The girly chats could have gone on for the whole day, but before the time came to head back to work, we had some business to take care of. PE Pearls handed over a much-needed donation of R1439.90 to CANSAs and the ladies were really grateful. In these tough economic times, even the big organisations are struggling to raise funds. Ladies pictured from left are Sandiswa Maselwa (CANSAs), Jeannie van der Poel (LC19 Vice-Chairlady), Palesa Mgoduka (CANSAs), Delene Metelerkamp (CANSAs), Sonel Lindeque (LC19 Chairlady).

Loskop Ladies Circle 21 helping Abraham Kriel Orphanage

Above: Children at the Abraham Kriel Orphanage posing with the vegetables—saying thank you!

Loskop Ladies Circle 21 started off with their support project for the Abraham Kriel Orphanage during July 2013.

The Abraham Kriel Orphanage is situated in the Nylstroom area and currently there is no Ladies Circle established there.

The Abraham Kriel Orphanage is currently the home of over 100 children. Some orphaned, some

abused. These children have specific needs over and above the normal day to day needs like food, shelter and a safe place where they will no longer be abused.

Loskop Ladies Circle 21 therefore decided to help the Orphanage by providing to them some much needed food which is collected from the farmers in and around the Marble Hall and Groblersdal areas.

Help Loskop Ladies Circle 21 to support the Abraham Kriel Orphanage!

Providing food to 100+ children on a daily basis is no joke.

These children need a constant supply of fresh vegetables and fruit to live a healthy life. Anybody can get involved with the Abraham Kriel Orphanage by providing to them

food, clothes or sponsoring a child's expenses. Over and above their basic needs, these children need medical care, educational care and social development.

SHIRAZ IS SMOKING!
These girls simply rocks!

Shiraz Ladies Circle's Judy Theunissen grabbed the award for the best Circler of the Year 2012/2013!

These ladies have completed several projects throughout the year providing support to many institutions and individuals.

Congratulations Girls!

MEET THE NEW COUNCIL FOR P.E. PEARLS Congratulations!

Helping Baby Connor

Northridge helps with Connor's Plea

Our son, Connor, was born on 13 May 2013. He is a beautiful little boy that was sadly diagnosed with an extremely rare (occurs in less than 1 in 100 000 pregnancies), life threatening, metabolic condition called Hypophosphatasia (HPP). Connor is diagnosed with a severe, perinatal variant of Hypophosphatasia, which is evident in his profound skeletal hypomineralisation and respiratory compromise. On the day of his birth, a most joyous occasion, we were devastatingly informed of the dire prognosis, and the fact that there was no cure! Connor has since spent every day of his life in the very same hospital he was born in.

If you feel that you are willing and able to assist us in our plight and help save Connor's life, please do not hesitate to contact Sheldon or Candice, Connor's devoted parents. Thank you.
