

# LCSA AGM-George

AGM time again?

With all excitement for the AGM, I received some bad news. My grandmother had a stroke and passed away the Friday morning, 19<sup>th</sup> May and we had to attend the funeral in Lichtenberg (North West Province).

After the funeral, we woke up bright and early the Wednesday morning 03:00 am and traveled to Johannesburg to catch our flight to George. Myself, Riaan, my mother, Diane and Riana were the early birds this year.

## Wednesday 24 May 2017

We arrived at around 1 pm the afternoon at the beautiful town called George.

After checking in, Michelle took us to Primi Piatti where of course fellowship continued.

## Thursday 25 May 2017

Thursday morning we didn't hesitate to hire a car and took a road trip to Plettenbergbaai. We stopped at some amazing viewpoints, which included Brenton-on-sea and Dolphins View. We also had a quick shopping stop in Knysna. After all our stops we had lunch at Beacon Island Hotel (a tick of my Mother's bucket list).

We can't only hear about Jukani, we had to go and see if the rumors about the cats are true. We had an interesting trip until it started raining halfway through the 1 km journey. Unfortunately, the black leopard was also afraid to get wet and stayed away. Except for the black leopard, we saw a white tiger, a very lazy lion, cheetahs, wild dogs, caracals and much more. The guide was very educated and he made the trip worthwhile.

## Friday 26 May 2017

Friday morning was time for the 25<sup>th</sup> AGM Meeting. It was indeed a big brainstorm to get through all the proposals. And then I got announced as Secretary of the National Board. Congratulations to the new board members, I think we are a great team.

After a long meeting, everybody was getting ready for the Friday night social. We didn't know what the surprise was until the party bus arrived, hosted by Insomniac Party Bus.

Of course I was one of the first ones to enter the bus and took some interesting photos. Hitting the road the party got pumped up. After one pit stop, we got to RT30's clubhouse, continuing some talks on various subjects. Swellendam ladies showing why the spirit trophy belong to them.

## Saturday 27 May 2017

Saturday we had the handover for the old Board to the new. Reality struck but excitement surfaced at the same time.

The workshop was to follow. We definitely benefitted from this, especially when the experienced Ladies shared their experience and knowledge with us.

Planning for the year was announced and a recap on the important points was given through.

The afternoon was well spent at the bowling alley. Some great spirit among the Ladies and we saw some interesting moves (Theresa) hahaha. Well done to Chantess who walked away as the winner of the day. Then we rounded off with a fantastic lunch.

We attended the banquet dinner to complete a well-organized weekend.

Congratulations to all the trophy winners, and well done to Cheslyn for

receiving the 'Circler of the year' award.

Thank you Bronwenn and the 2016/2017 Board for all the hard work you've put in the past year and the many kilos you drove supporting the other Circles and representing Ladies Circle at various Round Table functions.

Michelle, all the best for you and your new board for 2017/2018. I think, or I know it will be one for the books.

Yours in Friendship  
Cherise Gamble.
