

Traveling to the AGM was great fun. We started our journey very early with our first stop about 1km from my house to fill up on diesel and some coffee (the first of many) at 3:30. That was the start of our 609km to the venue at Far Hills. Driving with my husband, Yolandi and her husband made sure of some good conversation along the road.

One of our stops of the early morning drive was at a local school in Clarkson, doing a site visit to see the progress of the building work of the additions to existing school.

Getting to Wilderness and stopping for our breakfast at about 11:00 was the end of our journey to the LCSA AGM. With a quick change of clothes in the restaurant bathroom and we are ready for the meeting.

Seeing all old friends and new ladies at the meeting, we soon became friends. Attending my second AGM was a great experience. To hear all the different views of opinions and hear about what other ladies circle are up to, to make a difference in somebodies life.

Ladies tour: I enjoyed the bowling, something I have only done once before, but sure to look at future events of doing it.

Gala Dinner: the highlight would be a toss-up between ELLC 23 being awarded the Side-By-Side trophy and me winning the tombola!

Thank you Garden Rout Ladies Circle for a great LCSA AGM and great friendships made, looking forward to the next AGM in Swellendam.
